SPA CASITAS / RANCHO BERNARDO INN

## BACK AT THE RANCH

San Diego north's **Rancho Bernardo Inn** has maintained its intimate, private retreat atmosphere for decades. Now, following a \$25 million renovation, the 287-room, 265-acre property has a beautiful new spa that blends perfectly into the painstakingly preserved natural surroundings. **The Spa at Rancho Bernardo** makes the most of Southern California's mild climate by featuring seven private outdoor treatment casitas within a lush garden; a saline pool surrounded by cabanas for adult spa guests only; and treatments as well as spa dining options derived from locally-grown organic ingredients. [This summer, watermelon and cucumber are key components in the "made fresh daily" body masks, toners, lotions and cuisine, with 80-minute sessions priced around \$150.] A large fitness center, hydro-spa rooms, indoor spa treatment rooms plus a sprawling garden abloom with roses, lavender and rosemary complete the new facility.
